Subject: Post Hearing Question for the Council: The Policies Map

[redacted]

Examining Inspectors have been advised to ensure that the role of the Policies Map; the link between the policies and the Map; and any proposed changes to the Map, have been made clear throughout the Examination process.
I am satisfied that the Council has achieved this objective.
However, I can find no reference to the role of the Policies Map in either the Core Strategy or the SADMPP.
If that is the case could I ask the Council to consider the inclusion of some appropriate wording in the text of the SADMPP.
As this is just a reflection of current advice and guidance; is not a 'new' element in the plan making process and (because I am satisfied with the Council's approach) does not in itself affect the soundness of the Plan, then I consider the Council can make this minor amendment without the need for further consultation.
