The Purpose of Licensing / Licensing Objectives

Drivers. The aim of the licensing regime is to ensure that, so far as possible, those licensed to drive either a hackney carriage or private hire vehicle are suitable persons to do so. Suitable means that they are safe drivers with good driving records and adequate experience, sober, mentally and physically fit. They also should be honest individuals who would not take advantage of their position to abuse, assault or defraud customers. The general term used in taxi licensing to describe this person is 'fit and proper'.

Vehicles. The Borough Council expects all licensed vehicles to be maintained to the highest standard at all times.

Operators. The Borough Council expects licensed operators to provide a first class customer service in order to promote a high standard to those who live in, work in, or visit the area.

1.0 Introduction

1.1 The Borough Council of King's Lynn & West Norfolk is situated in the County of Norfolk. The Council area has a population of approximately 149,000 making it the largest in the County in terms of population. In terms of area it is also the largest, covering 1428.76 square kilometres (550 square miles). The Borough area is mainly rural with urban areas of King's Lynn, Downham Market and Hunstanton. These areas are shown on the following map:

The Borough Council's Role in Taxi Licensing

1.2 The Borough Council is responsible for the licensing of all hire vehicles which operate within the district, which are provided with a driver and operated with less than nine passenger seats.

1.3 There are two types of vehicle: public hire vehicles (**hackney carriages**) and vehicles which are only available by prior booking arrangement (**private hire vehicles**). Although the description 'taxi' should only be

applied to a hackney carriage any hire vehicle is usually known as a 'taxi' by the public.

- 1.4 Before any vehicle is licensed it must be tested at one of the Borough Council's approved garages. The test covers the vehicle's mechanics and general appearance, which includes the comfort for passengers and the reliability of any meter fitted.
- 1.5 Private Hire vehicles may only undertake journeys in response to advance bookings. The Borough Council is also responsible for granting private hire operators licences for the premises at which these bookings are made.
- 1.6 The Borough Council is responsible for the licensing of the drivers of both classes of vehicle. Within the scope of legislation the Borough Council ensures that all drivers are 'fit and proper persons' to be licensed by carrying out checks on an applicant's background.
- 1.7 The Borough Council issue dual driver's licences to all successful applicants, which enables the holder to drive either a hackney carriage vehicle or a private hire vehicle provided that these vehicles are licensed by this authority.
- 1.8 As part of ensuring drivers are suitable for the job, the Borough Council carries out enhanced Disclosure and Barring Service checks. For more information, visit the Disclosure and Barring Service (DBS) website at www.gov.uk/government/.../disclosure-and-barring-service.
- 1.9 The Borough Council also has a responsibility as the 'Enforcement Agency' of the drivers, vehicles and operators it has licensed. Enforcement covers offences related to 'taxi' legislation, driver's behaviour, the condition of the vehicles and the investigation of complaints made against any licence holder.
- 1.10 As well as granting and issuing licences the Borough Council also has the power to suspend or revoke licences and take Court action if necessary against any offending licence holder.
- 1.11 Licensing and enforcement is carried out by Borough Council officers appointed 'Authorised Officers' for that purpose and they have been issued with written authority to do so as well as having a Borough Council identity badge.

Wheelchair Accessible Vehicles (WAV)

- 1.12 There are a growing number of wheelchair accessible vehicles available in West Norfolk which are licensed by the Borough Council. All new Hackney Carriage Vehicles (plates 53 onwards) registered with the Borough Council must be wheelchair accessible.
- 1.13 The Borough Council welcomes views and information from the public regarding their needs for wheelchair accessible vehicles, the availability of currently licensed vehicles or what would help to provide an efficient 'taxi' service for people with physical disabilities.

Hackney Carriage/Private Hire Drivers Licences

- 1.14 In considering new applications for Hackney Carriage/Private Hire Drivers Licences and also any breaches during the currency of a licence, the Borough Council must be satisfied that drivers are fit and proper persons to hold a Licence.
- 1.15 In doing so, they must have regard to all convictions, police cautions, charges, driving convictions, complaints of unacceptable conduct /behaviour, breach of licence conditions and other convictions obtained during the course of a Licence, in accordance with the convictions policy (Annex B).
- 1.16 When such circumstances occur the application may be referred to a Panel of the Licensing & Appeals Board for determination.

Referral to Panel of Licensing & Appeals Board

- 1.17 Where an applicant or a driver is referred to the Panel for consideration, they will be notified in writing of the reason and the date, time and venue of the Panel hearing.
- 1.18 They will be advised that they may bring a representative to the hearing. The representative may be a friend, legal representative or a representative from the trade whom they wish to assist them in addressing the Panel in support of their application/disciplinary hearing. But please note that any consultation with a representative should take place in advance of the hearing date and not just prior to the meeting. This will ensure that their case is well prepared for Panel consideration.

The Licensing & Appeals Panel

- 1.19 The Panel will consist of members made up of Borough Councillors. A Chairman is appointed to supervise the Committee during the process. The Committee may be advised by a legal representative.
- 1.20 A number of Borough Council Officers may also attend the hearing, in an advisory capacity. However, they do not take part in the decision making process.

The Hearing

- 1.21 A number of applications and disciplinary matters could be considered on the day, including any historic matters. Each matter will be considered on its own merits and the public will be excluded to protect confidentiality where appropriate. In these circumstances the public will not have access to the meeting unless the applicant requests that they should.
- 1.22 When a person is called to appear before the Panel they and their representative and any complainants will be guided to their seats. They will be asked if they have received a copy of the report regarding the circumstances surrounding their case. The Panel will already have a copy of the report. Where the case arises from a complaint, the complainant, if

present, will be asked to explain their complaint to the Panel. They will then be given the opportunity to question the complainant.

- 1.23 They will be asked to describe the circumstances surrounding the convictions or incident concerned and asked to demonstrate to the Panel why they think they are a fit and proper person to hold a Hackney Carriage/ Private Hire Drivers Licence or why they feel disciplinary action should not be taken.

The Decision

- 1.24 When considering convictions, the Panel will have regard to the 'Guidance relating to the relevance of convictions and cautions' a copy of which is attached at Annex B.
- 1.25 After hearing the evidence and representations from all parties, the Panel will retire to make their decision.
- 1.26 As soon as the Panel have come to a decision they will return to the room and inform the persons of their decision. The person will also be advised of the decision in writing together with their rights of appeal. The Panel have a number of options which include the following:
- Grant or refuse application
 - Take no action
 - Issue a verbal warning
 - Suspend or revoke Licence
 - Apply conditions to the licence
 - Require driver to complete DSA and/or sit Borough Council's Knowledge test, or any other action deemed appropriate.

Right of Appeal

- 1.27 If the Borough Council refuses the grant of a Vehicle, Operator or Drivers Licence, or in the case of a disciplinary hearing, decide to suspend or revoke a Drivers Licence or any other formal action, the person will have the right of appeal to a Magistrates' Court. In the case of refusal to grant a Hackney Carriage Proprietors Licence, appeal will be to the Crown Court.

General Advice

- 1.28 The Licensing & Appeal Panel is a formal meeting where members sit in a quasi-judicial manner. This means that the Panel has to act in a similar fashion to a Court or Tribunal. It is therefore important that persons appearing before Committee should behave and dress in an appropriate manner.
- 1.29 If a person appears before the Panel following a complaint about their conduct, they should not attempt to speak to the complainants / witnesses prior to the meeting as this could be deemed to be harassment.

Serving of Notices

- 1.30 Sub-sections (2) to (5) of S23 of the Local Government Act 1972 shall have effect and are incorporated in the conditions for vehicles, operators and drivers in relation to any notices required or authorised by the conditions to be given or served on the licensee by or on behalf of the Borough Council or any authorised officer.

2.0 Application Process

Driver Application

- 2.1 In addition to the application form, all applications for driver licences must be accompanied by the following:
1. Disclosure and Barring Service form (DBS);
 2. Driver's Medical;
 3. DVLA Driving Licence – (photocard or paper licence)
 4. DVLA Mandate
 5. Fees;
 6. Passport Size Photograph certified as being a true likeness;
 7. Driver Standard Agency (DSA) Hackney Carriage/Private Hire Test Assessment Pass Certificate.
 8. Additional documents may be required to ensure that the applicant has the right to work in the UK.

Disclosure and Barring Service form (DBS) & Right to Work Check

- 2.2 As part of the application process, the Applicant will obtain (with the applicants consent) a Disclosure and Barring Service disclosure to 'enhanced' standard. The Borough Council of King's Lynn & West Norfolk are a 'registered' body with the DBS and as such, applications for disclosures must be made via this Authority on one of our pre-printed forms. These are available from the Borough Council's Licensing team. When you return your completed form to this department you will be asked for a payment to cover the cost of the DBS process (A cheque should be made payable to BCKLWN). The DBS process takes can take up to 8 weeks. Applicants that already have a disclosure and have signed up to the online update service must provide the original disclosure certificate and the unique online reference number so the Council may access their record online.
- 2.3 Once you have completed the form in **Black Capital Letters** return it to the Borough Council with the relevant identification. The information will be examined by a member of staff and the details entered onto the back page of the form. The Licensing Officer will check, sign and send your DBS form to the Disclosure and Barring Service. You will be required to provide us with a new Disclosure and Barring Service check every 3 years unless your licence expires beforehand, or you have signed up for the online update service. Should you wish to re-apply you would be required to submit a new DBS disclosure.

- 2.4 The Disclosure and Barring Service will send the Disclosure to the applicant. The original disclosure document must be produced to the Borough Council's Licensing Team. A disclosure with no convictions will be processed; the disclosure number recorded and the date of issue will be entered onto our computer system. A Disclosure with conviction/s may not necessarily mean that you are not a "fit and proper" person to hold a licence. Borough Council officers only have delegated powers to deal with certain convictions. Depending on the type and age of conviction we may offer you a licence, refuse a licence under delegated powers or we may refer you to the licensing and appeals board to determine whether you are a "fit and proper" person.
- 2.5 If an applicant has been resident in any other Country than the UK, preceding an application, a certificate of good conduct from an overseas embassy, or each overseas embassy where the applicant has lived, will be required in addition to the Disclosure and Barring Service Disclosure.
- 2.6 Usage. Information revealed on a DBS Disclosure will only be used for the purpose of determining an application in relation to hackney carriages or private hire licensing.
- 2.7 Retention. The Borough Council will retain a copy of the Disclosure and Barring Service Disclosure. The information contained on the original Disclosure is required for the Borough Council to complete a check with those subscribed to the DBS online update service.

Right to Work Check

- 2.8 The Borough Council will not issue a hackney carriage or private hire licence unless the individual has a right to work in the UK. All applicants must therefore provide documentation to prove that they have the right to work in the United Kingdom. The Borough Council will use a right to licence checksheet which is based upon the Home Office - A 'Right to work Checklist' providing a list of valid documentation. An application from a person who cannot provide the necessary documentation will be refused by officers under delegated authority.

Rehabilitation of Offenders Act 1988

- 2.9 Applicants for taxi and private hire licensing are exempt from the Rehabilitation of Offenders Act 1988. Therefore all convictions, regardless of how long ago may be taken in consideration when determining applications. However, in the determining the relevance of convictions the Panel will take into account the type of offence, the age of the applicant at the time of the offence and the apparent seriousness of the offence.

Driver's Medical

- 2.10 A medical will be required upon initial application and must be carried out by a registered Medical Practitioner. The driver's application pack contains the medical form, which your doctor will be required to complete. Subsequent medicals will be required at age 45, then every five years after the age of 45 and then annually from the age of 65 years. A driver

under the age of 65 with a controlled medical condition may also be required to undergo a full medical annually.

DVLA Driving Licence & Mandate

- 2.11 You will need to supply your DVLA driving licence showing your current address. Holders of Photo-card only driving licences are required to supply the photo card and holders of paper licences are required to provide their paper part. There is a DVLA mandate form in each application pack which must be completed and signed. This will be used to obtain your driving licence history from DVLA. This process can take up to two weeks.

Please note: If you have 9 or more current penalty points and/or any previous convictions appear on your DVLA driving licence we may refer your application to a Panel of the Licensing & Appeals Board to ascertain whether you are a 'fit and proper' person to hold a licence.

Fees

- 2.12 Applications with all the relevant supporting documentation will not be accepted without the appropriate fee. It should be noted that the Borough Council no longer accepts 'cash' and payment must be made by either cheque or credit/debit card. Any licence in respect of which the licence fee has been paid by cheque shall not be effective until the cheque has been cleared.

Knowledge Test

- 2.13 You will need to pass the Borough Council's Knowledge Test as part of the application process. The test will include multi-choice questions on Licensing Conditions, the Highway Code, knowledge of the area and literacy and numeracy and it will be conducted by Licensing at the Borough Council.

Operators Application

- 2.14 Any person who receives bookings or has contracts for the hire and reward for a private hire vehicle is required to hold an operators licence. The application must be accompanied with a list of vehicles and drivers used by the operator. An operator must be a 'fit and proper person' and is therefore subject to a DBS check (see above).

Vehicle Application

- 2.15 A vehicle application can be processed within 3 days if all the relevant information has been supplied as below and the vehicle meets current conditions (i.e. age/mileage).
- 2.16 **Registration Document or Bill of Sale.** For initial applications only you will need to prove that you are the lawful keeper of the vehicle by providing an original copy of the vehicles V5 (vehicle registration document). A bill of sale for that vehicle may be produced if the V5 is not available but the bill must include the date of first registration and the original V5 document must be produced within a calendar month.

- 2.17 **Insurance Certificate.** To enable us to licence a vehicle we require sight of a valid insurance policy, and schedule or cover note covering the vehicle for Private Hire and/or Hackney Carriage work. Email copies of insurance documents are acceptable provided that your insurance company's original email is forwarded to licensing (ehlicensing@west-norfolk.gov.uk).
- 2.18 **Vehicle Inspection/MOT.** All vehicles licensed by this Authority require inspection at an approved garage (a list of approved garages can be found on the vehicle application form).

Vehicle Licence Renewals

- 2.19 Vehicle renewal applications will be accepted up to one calendar month before they are due to expire providing the MOT certificate/Compliance Test Certificate is no more than one calendar month older than the renewal date. Vehicle licences will not be granted an earlier renewal date than their current expiry date. Vehicle Registration documents (V5C) are not required to be produced upon renewal of a vehicle licence, providing there has been no material changes to that vehicle/document during the preceding licence period.

Combined Driver Licence & Private Hire Operator Renewals

- 2.20 Combined Driver Licence renewals will be accepted up to one calendar month before they are due to expire.

Other than insurance documents sent by email all documentation must be originals. Photocopies, scanned or fax copy in other circumstances is not acceptable under any circumstances

Refund of Licence Fees – (not applicable to Insurance/lease vehicles)

- 2.21 In the event that a driver, vehicle or operator licence is not granted then the Borough Council will refund the licence application fee. This does not apply to the other fees e.g. knowledge test and DBS disclosure application.
- 2.22 Should a vehicle or operator licence be surrendered during the life of the licence then a pro-rata refund (less admin fee) will be given for the unexpired portion of the licence. The date will be calculated from the date the licence is returned to the Borough Council. Refunds will not be given for licences that are suspended or revoked.

Death of Licence Holder

- 2.23 A licence will immediately lapse in the event of death of the licence holder. In the case of a vehicle licence, a licence may be transferred using the normal procedure within 3 calendar months. A private hire operator licence may not be transferred into another person's name.

3.0 All Vehicles

- 3.1 The Borough Council will not grant or renew a licence unless satisfied that the vehicle is suitable to be a licensed vehicle, is in a suitable mechanical condition, safe and comfortable.

Duration of Licence

- 3.2 A vehicle licence, once granted, will be issued for a maximum period of one year, except in the case of a vehicle replacement; see Condition 3.4 (below).

Vehicle Replacement

- 3.3 Where a vehicle is off the road due to accident damage, subject to satisfactory documentary evidence being produced to the authorised officer, the Borough Council may allow a replacement vehicle that meets the Borough Council's criteria for a hackney carriage/private hire vehicle.
- 3.4 The vehicle will be licensed as a replacement for the accident damaged vehicle for a period not exceeding 3 months. A 50% reduction to the normal application fee and a full licence plate fee will be required.
- 3.5 Whilst being repaired, the vehicle licence will be temporarily suspended and the licence plate must be returned to the authority. Once repaired, a new vehicle inspection report may be required and the suspended licence may be re-instated.

Insurance

- 3.6 A vehicle must have a current certificate of insurance or cover note which clearly covers the use to which the vehicle is to be put.
- 3.7 It shall be the responsibility of the proprietor of a licensed vehicle to produce proof of continuous insurance cover. The insurance proof is to be reviewed by the licensing authority within seven days of the expiry of the preceding certificate or cover note.
- 3.8 If the proprietor fails to produce a certificate of insurance cover on request he shall produce it forthwith or within seven clear days of the request to an authorised officer of the Borough Council. Failure to comply may result in the immediate suspension of the vehicle licence by authorised officers using delegated authority. The suspension will remain in place until a satisfactory certificate of insurance is produced.

Excise Duty (Road Tax) & Vehicle Registration Document (V5)

- 3.9 There should be a valid excise duty for the vehicle at all times.
- 3.10 A full vehicle registration document must be produced at the grant of a licence, or as soon as is reasonable - and following any change to the original document.

Age Requirement

3.11 All hackney carriage and private hire vehicles will not normally be considered for licensing unless they are under 5 years of age from date of first registration (date as shown on DVLA registration document) and accrued less than 70,000 miles. - Original manufacturer's colour and trim combination;
- Clean and immaculate interior, in original condition, free of damage and with only minor wear and tear;
- Full service history showing regular service dates;
- Full documentation (i.e. garage receipts showing schedule of works carried out);

3.14 Renewal of Vehicle Licences. Renewal applications for Hackney Carriages and Private Hire Vehicles will only be granted up to the 10th anniversary of first vehicle registration (date as shown on DVLA V5 registration document) regardless of mileage or the date the licence is renewed. Vehicles that are:

- Over 10 years but less than 12 years with 240,000 miles or less; or
- Over 12 years but less than 14 years with 200,000 miles or less; or
- Over 14 years with less than 160,000 miles

3.15 Any vehicles presented for licensing that do not meet the above criteria will be refused by authorised officers using delegated powers. Applicants may appeal these decisions to the Magistrates' Court, or in case of a hackney carriage appeal to the Crown Court.

All hackney carriage & private hire vehicles after 5 years (date as shown on DVLA V5 registration document) shall have a vehicle compliance test at an approved Vehicle Testing Station every 6 months. In addition, an authorised officer of the Borough Council may inspect a vehicle for first licensing and/or upon renewal.

Guidelines Relating to the Relevance of Convictions Hackney Carriage & Private Hire Licensing

1.0 Introduction

- 1.1 The purpose of these guidelines is to provide guidance on the criteria taken into account by the Council when determining whether or not an applicant or an existing licence holder is a fit and proper person to hold a hackney carriage and/or private hire driver or operator licence.
- 1.2 The overriding aim of the licensing authority is to protect the safety of the public. The licensing authority is concerned to ensure:
- That a person is a fit and proper and safe and suitable person;
 - That the person does not pose a threat to the public;
 - That the public are safeguarded from dishonest persons;
 - The safeguarding of children, vulnerable and young persons.
- 1.3 This document provides guidance to any person with an interest in taxi and private hire licensing. In particular, but not exclusively:
- Applicants for Drivers' licences;
 - Existing Licensed Drivers whose licences are being reviewed;
 - Applicants for Private Hire Operator licenses;
 - Licensing Officers;
 - Members of the Licensing Panel;
 - Magistrates hearing appeals against Local Authority decisions.
- 1.4 Where Licensing Officers have delegated powers to grant licences, they will utilise these guidelines when making a decision to grant a licence. In all other cases applications for licences will be referred to the Licensing Panel. Whilst Officers and the Panel will have regard to the guidelines contained in the policy, **each case will be considered on its individual merits and, where the circumstances demand, the Panel/Officer may depart from the guidelines.**

2.0 General guidelines

- 2.1 There may be occasions where it is appropriate to depart from the guidelines, for example where the offence is a one-off occasion or there are mitigating circumstances or alternatively where there are many or continuous offences which may show a pattern of offending and unfitness.

2.2 A person with a conviction for a serious offence need not be automatically barred from obtaining a licence, but would normally be expected to:

2.2.1 Remain free of conviction for an appropriate period; and

2.2.2 Show adequate evidence that he or she is a fit and proper person to hold a licence (the onus is on the applicant to produce such evidence). Simply remaining free of conviction may not generally be regarded as adequate evidence that a person is a fit and proper person to hold a licence.

2.3 Where an applicant has been convicted of a criminal offence, the licensing authority cannot review the merits of the conviction [Nottingham City Council v. Mohammed Farooq (1998)].

3.0 Appeals

3.1 Any applicant refused a driver's licence on the grounds that the licensing authority is not satisfied he/she is a fit and proper person to hold such a licence has a right to appeal to the Magistrates' Court within 21 days of receipt of the notice of refusal [Local Government Miscellaneous Provisions Act 1976, s 77 (1)].

4.0 Powers

4.1 Section 61 and Section 62 of the Local Government Miscellaneous Provisions Act 1976 allow the licensing authority to suspend, revoke or refuse to renew a licence if the applicant/licence holder has been convicted of an offence involving dishonesty, indecency, violence; failure to comply with the provisions of the Town Police Clauses Act 1847; failure to comply with the provisions of Part II of the Local Government (Miscellaneous Provisions) Act 1976; or any other reasonable cause.

4.2 The Rehabilitation of Offenders Act 1974 (Exceptions)(Amendment) Order 2002, allows the licensing authority to take into account all convictions recorded against an applicant or the holder of a private hire vehicle or hackney carriage driver's licence, whether spent or not. Therefore the licensing authority will have regard to all relevant convictions, particularly where there is a long history of offending or a recent pattern of repeat offending.

4.3 In this policy the term "disqualification" refers to the period served. In order to take account of the fact that a court may reduce the period of disqualification from driving, an applicant must provide evidence in advance to prove that the court agreed a reduction in the period of disqualification.

4.4 It should be noted that "any reasonable cause" includes conduct falling short of a criminal conviction(s).

5.0 Consideration of Disclosed Criminal History

5.1 Under the provisions of Sections 51, 55, and 59, Local Government (Miscellaneous Provisions) Act 1976, the licensing authority is required to ensure that an applicant for the grant or renewal of a hackney carriage and/or a private hire vehicle drivers' licence and/or private hire vehicle operator's licence

is a 'fit and proper' person to hold such a licence. However, if an applicant has any convictions, warnings, cautions or charges awaiting trial, the licensing authority will look into:

- How relevant the offence(s) are to the licence being applied for;
- How serious the offence(s) were;
- When the offence(s) were committed;
- The date of conviction;
- Circumstances of the individual concerned;
- Sentence imposed by the court;
- The applicant's age at the time of conviction;
- Whether they form part of a pattern of offending;
- Any other character check considered reasonable (e.g. personal references);
- Any other factors that might be relevant.

5.2 Existing holders of driver licences are required to notify the licensing authority in writing within seven days of receiving a driving licence endorsement, fixed penalty notice or criminal conviction (including cautions).

5.3 Applicants can discuss further what effect a caution/conviction may have on any application by contacting the Licensing Team in confidence for advice.

5.4 The licensing authority is also entitled to use other records and information that may be available to it in determining applications or an entitlement to continue holding a licence. This may include information held by the licensing authority or other licensing authorities, and information disclosed by the police or other agencies.

5.5 It is an offence for any person knowingly or recklessly to make a false declaration or to omit any material particular in giving information required by the application for a licence. Where an applicant has made a false statement or a false declaration on their application for the grant or renewal of a licence, the licence will normally be refused.

5.6 It should be noted that the determination of whether an applicant is "fit and proper" or safe and suitable includes consideration of conduct falling short of a criminal conviction.

6.0 **Offences involving Violence, Disorder and Damage to Property**

6.1 Licensed drivers have close regular contact with the public. A firm line is to be taken with those who have convictions for offences involving violence, disorder or criminal damage. An application will normally be refused if the applicant has a conviction for an offence that involved the loss of life.

6.2 Any one with a conviction for an offence involving violence, disorder or damage to property will normally be expected to remain free of such convictions for a period of at least 3 years. However, given the range of the offences, consideration must be given to the nature of the conviction. A licence will not normally be granted if an applicant has more than one conviction in the last 10 years for an offence involving violence or disorder.

6.3 In the most serious cases, an application will be refused unless there are

exceptional circumstances. A licence will not normally be granted where the applicant has a conviction for an offence such as:

- Murder;
- Manslaughter;
- Manslaughter or culpable homicide while driving;
- Terrorism offences;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

6.4 An application will normally be refused if the applicant has a conviction for an offence or similar offence(s) which replace the offences below and the conviction is less than 10 years prior to the date on which the application is determined by the authority:

- Arson;
- Malicious wounding or grievous bodily harm;
- Actual bodily harm;
- Grievous bodily harm with intent;
- Robbery;
- Possession of firearm;
- Riot;
- Violent disorder;
- Any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

6.5 An application will normally be refused if the applicant has a conviction for an offence or similar offence(s) which replace the offences below and the conviction is less than 5 years prior to the date on which the application is determined by the authority:

- Common assault;
- Assault occasioning actual bodily harm;
- Affray;
- Aggravated criminal damage;
- Any racially aggravated offence;
- Resisting arrest;
- Assault police;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

6.6 An application will normally be refused if an applicant has a conviction for an offence or similar offences(s) which replace the offences below and the conviction is less than 3 years prior to the date on which the application is determined by the authority:

- S.5 Public Order Act 1986 offence (harassment, alarm or distress);
- S.4 Public Order Act 1986 offence (fear of provocation of violence);
- S.4A Public Order Act 1986 offence (intentional harassment, alarm or distress);
- Obstruction;
- Criminal damage;

- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

6.7 A person bound over to keep the peace or be of good behaviour will not normally be granted a licence within the period of the recognisance e.g. where a person is bound over for 6 months, they will not normally be licensed within that 6 month period.

6.8 In the event of a licence being granted, a strict warning both verbally and in writing should be administered.

7.0 Possession of a Weapon

7.1 A conviction for possession of a weapon or any other weapon related offence will raise serious concerns as to the fitness of the applicant to carry the public.

7.2 Depending on the circumstances of the offence, an applicant should be free of conviction for 3 years (or at least 3 years must have passed since the completion of the sentence, whichever is longer), before a licence is granted.

8.0 Sex and Indecency Offences

8.1 As licensed drivers often carry unaccompanied and vulnerable passengers, applicants with convictions for sexual offences must be closely scrutinised. Those with convictions for the more serious sexual offences will normally be refused. For other offences, applicants will be expected to show a substantial period (normally at least 15 years) free of conviction for such offences before a licence will be granted.

8.2 Unless there are exceptional circumstances, an application will normally be refused where the applicant has a conviction for an offence such as:

- Rape;
- Assault by penetration;
- Offences involving children or vulnerable adults;
- Or any similar offences (including attempted or conspiracy to commit) which replace the above.

8.3 An application will normally be refused if the applicant has a conviction for an offence listed below and the applicant has not been free of such conviction for at least 15 years:

- Sexual assault;
- Indecent assault;
- Possession of indecent photographs, child pornography etc;
- Exploitation of prostitution;
- Trafficking for sexual exploitation;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above;

8.4 An application will normally be refused if the applicant has a conviction for an offence listed below and the applicant has not been free of such conviction for at least 5 years:

- Indecent exposure;
- Soliciting (kerb crawling);
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

8.5 In addition to the above the licensing authority will not normally grant a licence to any applicant who is currently on the Sex Offenders Register.

8.6 A licence will not normally be granted if an applicant has more than one conviction for a sex or indecency offence.

9.0 Dishonesty

9.1 A licensed PHV or taxi driver is expected to be a trustworthy person. They deal with cash transactions and valuable property may be left in their vehicles. The widespread practice of delivering unaccompanied property is indicative of the trust that business people place in licensed drivers. Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal or agreed fare, etc. Overseas visitors can be confused by our currency and may be vulnerable to an unscrupulous driver. For all these reasons, a serious view is taken of any conviction involving dishonesty.

9.2 In general, a minimum period of 3 years free of conviction Offences involving dishonesty include:

- Theft;
- Burglary;
- Fraud;
- Benefit fraud;
- Handling or receiving stolen goods;
- Forgery;
- Conspiracy to defraud;
- Obtaining money or property by deception;
- Other deception;
- Taking a vehicle without consent;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

10.0 Drugs

10.1 A serious view is taken of any drug related offence. The nature and quantity of the drugs, whether for personal use or supply are issues which should be considered.

10.2 An application will normally be refused where the applicant has a conviction for an offence related to the **supply of drugs** and has not been free of such conviction for 10 years.

10.3 An application will normally be refused where the applicant has more than one conviction for offences related to the **possession of drugs** and has not been free of conviction for 5 years.

- 10.4 An application from an applicant who has an isolated conviction for an offence related to the possession of drugs within the last 3-5 years may be granted a licence, but consideration should be given to the nature and quantity of the drugs.
- 10.5 If there is evidence of persistent drugs use, misuse or dependency, a specialist medical examination (in accordance with DVLA Group 2 medical standards) may be required before the licence is granted. If the applicant was an addict then they would normally be required to show evidence of 5 years free from drug taking after detoxification treatment.

11.0 Minor and Major Traffic Offences

Minor

- 11.1 Convictions for minor traffic offences e.g. obstruction, waiting in a restricted street, speeding etc. may prevent a person from being granted a hackney carriage or private hire drivers licence if they have received more than 2 motoring convictions within the last 2 years.
- 11.2 The accumulation of 9 or more penalty points will cast grave doubts on the suitability of the applicant and could lead to the refusal of the application.

Major

- 11.3 A serious view will be taken of any conviction for a major traffic offence, this includes:
- Causing death by dangerous driving;
 - Dangerous driving;
 - Causing death by careless driving whilst under the influence of drink or drugs;
 - Causing death by careless or inconsiderate driving;
 - Careless and inconsiderate driving;
 - Driving under the influence of drink or drugs etc;
 - Driving whilst disqualified;
 - Using a vehicle without insurance;
 - Offences contrary to the taxi licensing legislation;
 - Or any similar offences (including attempted or conspiracy to commit) or an offence which replaces the above.
- 11.4 These guidelines make specific provision for certain types of major traffic offences to reflect the seriousness of those convictions. In the case of major traffic offences where no such specific provision is made and paragraph 14 (Disqualification) does not apply, an application will normally be refused unless a period of at least 3 years free from conviction of such offences has elapsed.

12.0 Driving Offences involving the Loss of Life

- 12.1 A very serious view is to be taken of any applicant who has been convicted of a driving offence that resulted in the loss of life. A licence will not normally be granted unless the applicant is free of conviction for 7 years if he/she has a conviction for:

- Causing death by dangerous driving;
- Causing death by careless driving whilst under the influence of drink or drugs;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

12.2 Before a licence is granted, an applicant should be free of conviction for 3 years, if he/she has a conviction for:

- Causing death by careless driving;
- Causing death by driving: unlicensed, disqualified or uninsured drivers;
- Or any similar offences (including attempted or conspiracy to commit) or any offences which replace the above.

13.0 **Drink Driving/Driving under the Influence of Drugs**

13.1 As licensees are professional vocational drivers, a serious view is taken of convictions for driving, or being in charge of a vehicle while under the influence of drink or drugs.

13.2 An isolated incident would not necessarily debar an applicant from proceeding on the restoration of his DVLA driving licence but he should be warned as to the significant risk to his licence status in the event of re-offending and he must comply with the rehabilitation period below.

13.3 More than one conviction for these offences raises significant doubts as to the applicant's fitness to drive the public.

13.4 At least 3 years free of conviction, after the restoration of the driving licence following a drink drive conviction should elapse before an application will be considered. If there is any suggestion that the applicant is alcohol or drug dependent, a satisfactory special medical report must be provided before the application can be allowed to proceed.

14.0 **Disqualification**

14.1 Where an applicant has been disqualified from driving following a conviction for a major traffic offence and no specific provision is made above regarding the appropriate rehabilitation period, the application will generally be refused unless a period of between 3 and 5 years free from conviction has elapsed from the restoration of the DVLA licence.

14.2 Where convictions for a number of minor traffic offences have resulted in the applicant being disqualified from driving for a period of time this will normally be taken as reflecting seriously on the applicant's driving standard. Generally, a period of 12 months free from conviction must have elapsed from the restoration of the DVLA licence.

14.3 In "totting-up" cases where disqualification is considered by the court, even if the court does not disqualify (e.g. because of exceptional circumstances) a driver, the Council is likely to refuse a hackney carriage or private hire driver's licence because different criteria apply and an applicant will normally be expected to show a period of 12 months free from conviction from the date the

court made its finding of exceptional circumstances justifying the non-disqualification.

- 14.4 Any period of disqualification will lead to the suspension/ revocation of a licence.

15.0 Insurance Offences

- 15.1 A serious view will be taken of convictions of driving or being in charge of a vehicle without insurance. An isolated incident in the past will not necessarily prevent a licence being granted provided he/she has been free of such conviction for 3 years; however a strict warning should be given as to future behaviour. More than one conviction for these offences would normally prevent a licence being granted or renewed.

- 15.2 An operator found guilty of aiding and abetting the driving of passengers for hire and reward whilst without insurance will have his operators' licence revoked immediately and prevented from holding a licence for 3 years.

16.0 Cautions

- 16.1 Admission of guilt is required before a caution can be issued. Every case will be considered on its own merits including the details and nature of the offence.
- 16.2 If an applicant has received a caution for a traffic offence, given the nature of the offence and the profession of a taxi driver, the applicant may be given a warning as to his/her future conduct.
- 16.3 Cautions for more serious offences could lead to refusal of an application or the suspension or revocation of a licence.

17.0 Outstanding Charges or Summonses

- 17.1 If the individual is the subject of an outstanding charge or summons their application can continue to be processed, but the application will need to be reviewed at the conclusion of proceedings.
- 17.2 If the outstanding charge or summons involves a serious offence, then in the interests of public safety the application may be put on hold until proceedings are concluded or the licence may be refused.
- 17.3 A suspension or revocation of the licence of a driver takes effect at the end of the period of 21 days beginning with the day on which notice is given to the driver. If it appears that the interests of public safety require the suspension or revocation of the licence to have immediate effect, and the notice given to the driver includes a statement that is so and an explanation why, the suspension or revocation takes effect when the notice is given to the driver. [Road Safety Act 2006, s 52, 2A&2B]

18.0 Licensing Offences

- 18.1 Convictions for offences contrary to taxi legislation such as plying for hire, overcharging and refusing to carry disabled persons would normally prevent a licence being granted or renewed unless the applicant has been free of such

convictions for a period of at least 3 years.

19.0 Licences issued by other Licensing Authorities

19.1 Applicants who hold a licence with one licensing authority should not automatically assume that their application will be granted by another. Each case will always be decided on its own merits.

20.0 Summary

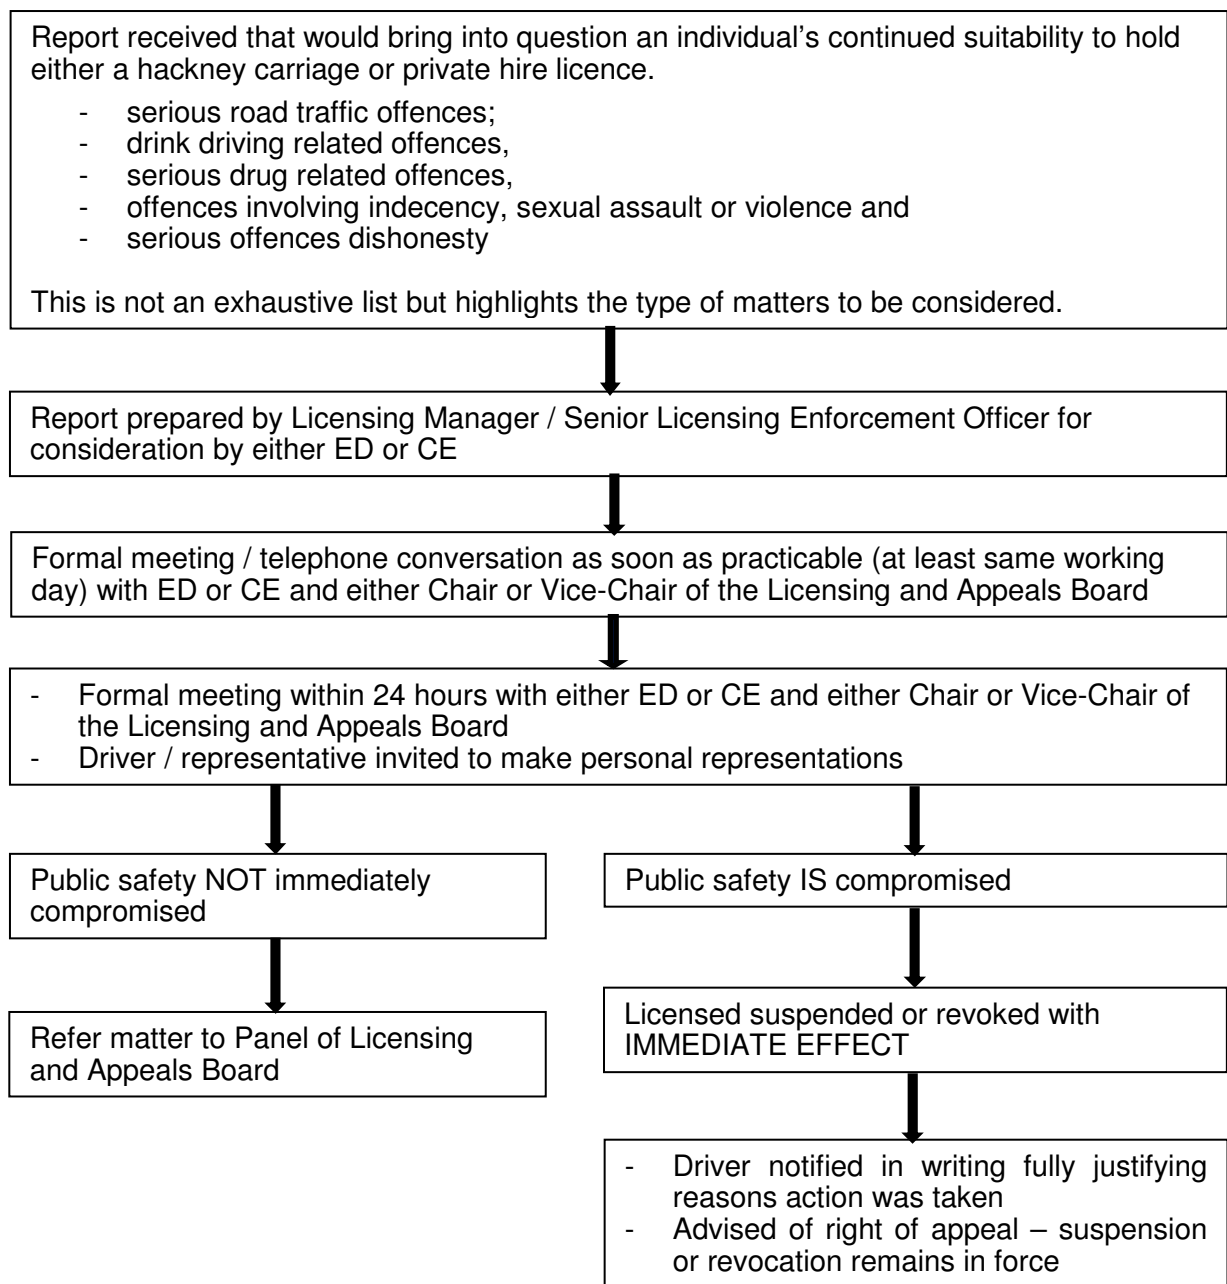

20.1 To summarise, a motoring/criminal history in itself may not automatically result in refusal and a current conviction for a serious crime need not bar an applicant permanently from becoming licensed. As the preceding paragraphs indicate, in most cases, an applicant would be expected to remain free from conviction for 3 to 15 years, according to circumstances, before an application can be considered. However, there may be occasions when an application can be allowed before 3 years free from conviction have elapsed.

20.2 Any person who has committed an offence and has to wait before an application is positively considered is more likely to value their licence and act accordingly.

20.3 While it is possible that an applicant may have a number of convictions that, individually, meet the above guidelines, the overall offending history must be considered when assessing an applicant's suitability to be licensed. A series of offences over a period of time is more likely to give cause for concern than an isolated minor conviction. Obviously some discretion can be afforded if an offence disclosed is isolated and there are mitigating circumstances, but the overriding consideration is the protection of the public.

Immediate revocation and suspension of Hackney Carriage and Private Hire Drivers licenses

1. The Borough Council has adopted a procedure to suspend or revoke a driver's licence with immediate effect where the interests of public safety require such course of action. The power under Section 52 of The Road Safety Act 2006 has been delegated to the Executive Director of Environment and Planning and the Chief Executive of the Borough Council. The below flowchart sets out the procedure adopted:

Compliance Testing Standards**

Code of Practice

**Standards of vehicle test to be applied in addition to
the statutory requirements of the MOT testing**

Introduction

1. This document is intended to provide practical guidance to vehicle testers charged with assessing vehicles being issued with a certificate of compliance. It will also give a general insight into the type of examination the vehicle will be subjected to before it can be issued with a certificate of compliance.
2. It is the responsibility of owners, operators and drivers to ensure that their vehicles comply with the current rules and regulations of the appropriate Road Traffic Act and current Construction and Use Regulations at all times.
3. Where a vehicle is found not to conform to the requirements of the MOT test and/or compliance test standards, that vehicle may have its licence suspended until the Borough Councils authorised officers are satisfied that the vehicle is fit to be licensed.

Guidance

4. No adaptations, alterations, modifications, additional equipment, optional extras with the exception of tow bars fitted to a professional standard, are to be fitted to the vehicles without the prior approval of the Borough Council. Any owner wishing to alter or modify the vehicle, including the fitting of extras or alternative parts to those supplied by the manufacturer must seek prior permission from the Borough Council. Certain modifications may require special inspection by the Borough Council's authorised officer or his nominee before approval is given. (A fee may be applicable)
5. When a vehicle presented for compliance test fails on more than twelve items, that vehicle will have to be re-submitted for a full compliance test and a re-test fee will be charged. The vehicle proprietor will be issued with a failure sheet from the testing station, and the testing station will supply a copy of the failure sheet to The Licensing Team at the Borough Council.
6. Both MOT and compliance tests must be completed by the same examiner at the same test station at the same time of day (obviously MOT testing is completed without avoidable distraction etc so compliance testing may be carried out before or after the MOT inspection). Compliance failure items must be resolved with the same garage at a later date.
7. The Borough Council recognises the need for approved MOT vehicle station examiners to test drive Hackney Carriage and Private Hire vehicles as part of the compliance inspection process.
8. Whilst vehicles which are less than 3 years old do not require a standard MOT test they are required to have a compliance test.
