3rd June 2016

King's Lynn Edward Benefer Way to Lynnsport Access Road

Update No. 6

The 'piling rig' is creating the foundations for the new culvert which will support the new access road. This machine is drilling a deep hole which is filled with reinforced concrete. The culvert structure will need 34 piles.

Bawsey Drain with Piling operation in progress

The northern car park kerbing works are almost completed, the locations of the gullies are being exposed to connect into the new drainage system.

Northern car park

Gully under construction

The miniature railway to the south of 'The Shed' will have an access constructed with grass-blocks. The new accommodation for the railway club is being constructed this is located on a concrete pad.

Miniature Railway access and accommodation works

The Internal Drainage Board (IDB) scheme is progressing with the base of the pumping station being built-up within the sheet piles.

IDB pumping station works
