

## Inspector's Question 5 to the Council

### Five Year Supply of Housing Land – Proposed Actions

Paragraph 4.6.1 of the Report to Cabinet (held on 9<sup>th</sup> September 2015) refers to the Borough Council 'separately to the Local Plan' embarking on a programme of bringing forward sustainable sites, beyond the planned allocations, to bolster supply.

It would be helpful if the Council could:

- Explain in a little more depth what measures this approach would encompass and how it would evolve;
- Explain what the relationship would be between the SADMP and the approach being advocated by the Council;
- Explain why any 'additional' sites could not be identified in the SADMP; and
- Set out a potential draft programme for this work.

A response (even if only interim in nature) by Wednesday 23<sup>rd</sup> September would be welcome.
