

Inspector's Question 6 to the Council

Allocation at Southery

The Council's Statement on Issue 33: Southery includes a letter from Adrian Parker dated 13 December 2013. In the letter Mr Parker states that Lions Close has been inspected for adoption 'and is currently in the defects period immediately prior to formal adoption'. Could the Council confirm that Lions Close has been adopted.

With regard to Site 55/1227 the Council's Sustainability Appraisal refers to the land as 'a brown field site within the centre of Southery'. The representation from Mr Burton (1162) also refers to the site as 'brown field land'.

Could the Council clarify the justification for describing the site as brown field?

A response by Thursday 19th November would be welcome.

David Hogger

Inspector

10th November 2015
