Reserve day

For the avoidance of doubt no 'new' representors will be invited to participate at the resumed hearings – those participating will be as listed in the Hearing Agendas dated June 2015 (unless a named participant is unable to attend on the new date, in which case an appropriate replacement attendee could be considered).

Revised Hearing Agendas will be published before the Hearings resume but the items on the Agendas will remain largely as set out in the June 2015 version.
