Subject: Response to Inspector Hogger BC reply issue 9 Downham Market

The allocation split for the 2 housing areas proposed by the BC should give prominence to the greater proportion being put at F1.4 in the South ie 250 (64%) not 140, as this gives better balance for the shape of the town and is closer to the centre of town.

This accords better with the CS inspectors clarification statement ie 'South of Bexwell road before developing in the North (ie in the East and North of Bexwell Rd)

Together with the Howdale Rise site this gives a better solution overall compared to what is currently proposed by BC.

Thank you

Cllr Malcolm Starreveld
DMTC and local resident
