Emneth Update

November 2015

| | |
|---------------------------------------|-------------|
| Document reference no. | FW19 |
|---------------------------------------|-------------|

1. Issue

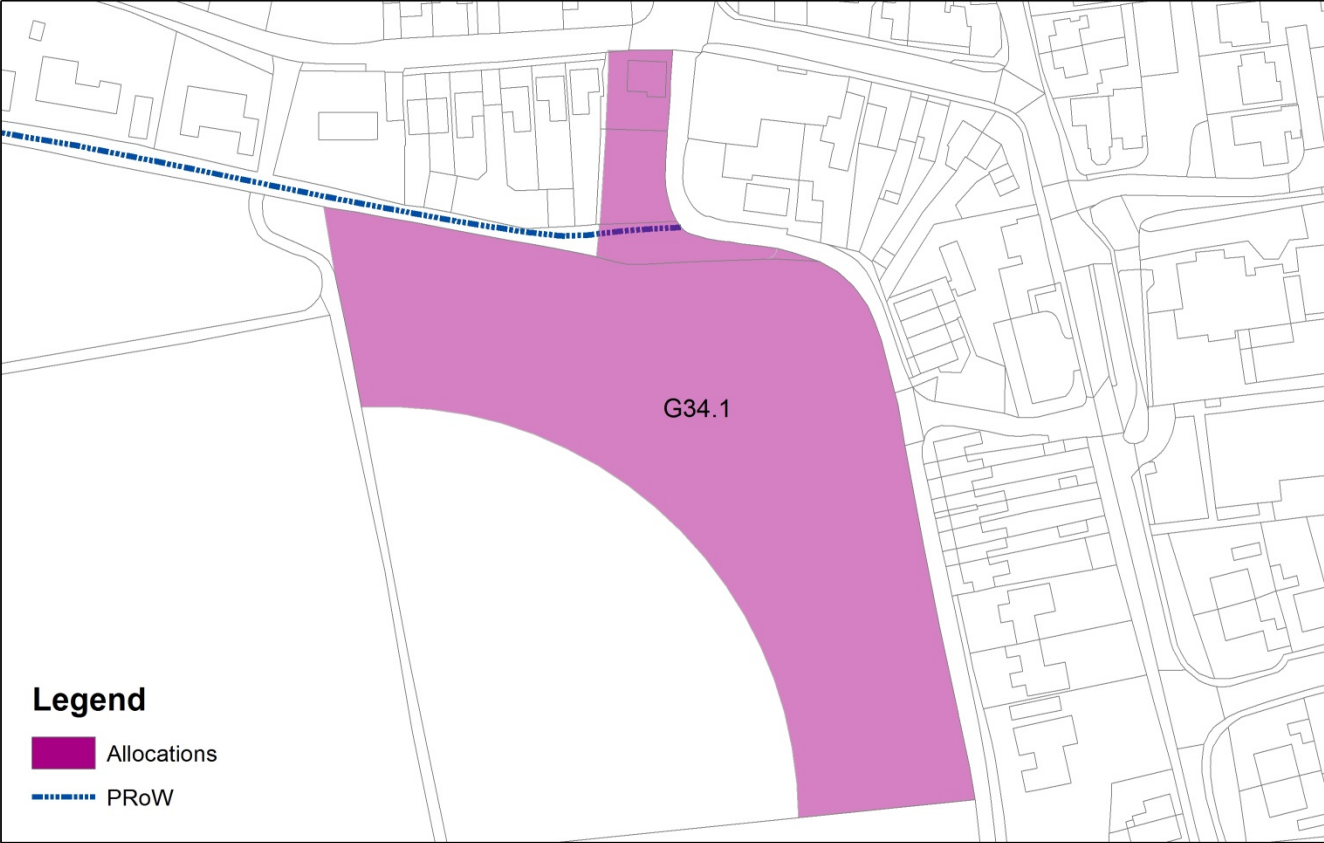

1.1 Reference to footpath (PRoW) crossing the site to be included in the policy.

2. Response: Modification to Policy G34.1 Emneth – Land south of The Wroe

2.1 The Site justification for Policy G34.1, page 228 of the SADMP, second paragraph refers to the fact there is a Public Right of Way crossing the site. This can be seen on the map attached to this paper as Appendix 1. It is proposed in the interests of consistency between policies, within the SADMP, and to accurately reflect this element of the site, that the Public Right of Way is acknowledged within the policy, as a third policy item, as below:

‘3. A Public Right of Way crosses through the site and this should be appropriately integrated within the design of the scheme.’
