Permission is refused for the carrying out of the development referred to above for the following reasons:

1. The shed, as built, is a large and dominant feature of the existing street scene, representing an incongruous feature which detracts from, and is out of harmony with, the existing street scene, damaging the appearance of the built surroundings. As such it is contrary to both policy 4/21 and 9/29 of the King's Lynn and West Norfolk Local Plan.

2. To permit the development would create an undesirable precedent for similar proposals on other land in the vicinity of the site to the detriment of the character and appearance of the street scene.
