.....  
Borough Planning Officer  
on behalf of the Council  
02-JUL-1993

### **Notes relating to decisions on planning applications.**

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactments, bylaw, order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
  - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

### **Notes relating to decisions on applications for display of advertisements**

#### **Standard Conditions**

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

#### **Other Notes**

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State may allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council or the county district, in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

### **Notes relating to decisions on applications for lawful development certificates**

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

### **Notes relating to a request for a Section 64 determination**

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the date of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

(Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
  - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than to the conditions imposed by them.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not record it. A form of notice is enclosed, if appropriate.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

### **Notes relating to a request for a Section 64 determination**

### **Notes relating to decisions on planning applications.**

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactments or byelaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
  - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.

The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

(Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. *Allowed 8.6.94.*

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The Norfolk Structure Plan states that in villages not satisfying the criteria of Policy H5, housing development will normally be limited to individual dwellings or small groups of houses which enhance the form and character of the village and its setting. Although the site of this proposal is within the village, it is not considered that its development would enhance the form and character of the village. The proposal is consequently contrary to the provisions of the Structure Plan.
- 2 The Norfolk Structure Plan (Policy BE1) states that the quality of the built environment will be maintained and improved by safeguarding open spaces which make up the form and character of the village. The proposal is consequently contrary to the provisions of the Structure Plan.

2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.

The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. 1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

### **Notes relating to decisions on applications for lawful development certificates**

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

### **Notes relating to a request for a Section 64 determination**

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of notice of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

### Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The Norfolk Structure Plan states that in villages not satisfying the criteria of Policy H5, housing development will normally be limited to individual dwellings or small groups of houses which enhance the form and character of the village and its setting. Although the site of this proposal is within the village it is not considered that the proposal would enhance the form and character of the village. The proposal is consequently contrary to the provisions of the Structure Plan and the Village Policy Statement.
- 2 The development proposed, involving the sub division of an existing residential curtilage, would constitute an overintensive form of development with inadequate space about the existing and proposed dwellings which would be out of character with the existing development and, if permitted, create a precedent for similar forms of unsatisfactory development.

### Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof and as amended by the letter dated 3 June 1993 and accompanying drawing from the applicant's agent for the following reasons :

- 1 The Norfolk Structure Plan seeks to limit housing development outside towns and villages to those dwellings essential to agriculture, forestry, organised recreation or the expansion of existing institutions and within villages to dwellings which will enhance the form and character of the settlement. It is not considered that the proposal meets either of these criteria and it would consequently be contrary to the provisions of the Structure Plan and prejudicial to County strategy.
- 2 The proposal to erect dwellings approached by a long access track at the rear of the existing development constitutes a sub-standard layout of land which would not only result in a loss of privacy and be detrimental to the amenities at present enjoyed by the occupants of the adjoining residential properties, but would also result in difficulties for collecting and delivery services.

/contd...

- 3 The applicant does not appear to have control over sufficient land to meet minimum standards of visibility for vehicles making egress onto the County Road, and any increase in vehicular movements at this substandard access would be likely to increase the conditions detrimental to highway safety and free flow of passing traffic.

/Contd...

### **Notes relating to decisions on planning applications.**

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, bylaw, order or regulation.
  2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
  3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
  4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

### **Notes relating to decisions on applications for display of advertisements**

#### **Standard Conditions**

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

#### **Other Notes**

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

### **Notes relating to decisions on applications for lawful development certificates**

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

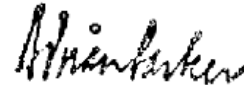

### **Notes relating to a request for a Section 64 determination**

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

- 6 Before the start of the development, the existing buildings shall be completely demolished and the materials removed from the site to the satisfaction of the Borough Planning Authority.
- 7 The trees and hedges shown on the approved plan to be retained shall be protected from damage before and during construction works by the erection of fencing or some other means which shall previously have been agreed in writing by the Borough Planning Authority.

The Reasons being:-

- 1 Required to be imposed pursuant to Section 92 of the Town and Country Planning Act 1990.
- 2&3 This permission is granted under Article 7 of the above mentioned Order on an outline application and the conditions are imposed to enable the Borough Planning Authority to retain control over the siting and external appearance of the buildings, the means of access and landscaping of the site, in the interests of amenity and road safety.
- 4 In the interests of highway safety.
- 5 In the interests of the street scene.
- 6 In the interests of the visual amenities of the locality.
- 7 In the interests of visual amenity and to ensure the retention of trees and hedgerows which make a significant contribution to the local environment and which will enhance the appearance of the development.

2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.  
(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not record it. 1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.

(Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
  - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

### Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The proposed gateway would facilitate vehicular access to the gravelled area in front of the dwelling, the use of which would have an adverse impact on the safety and free flow of traffic in the vicinity of a signal controlled junction, to the detriment of highway safety.
- 2 The proposed access gateway would represent an incongruous element in the street scene which is characterised by low walls and railings punctuated by pedestrian access points only, and would therefore have a detrimental effect on the visual amenities of the conservation area.
- 3 The proposed gateway would facilitate car parking in front of the dwelling which would have a detrimental affect on the visual amenities of the conservation area.

### **Notes relating to decisions on planning applications.**

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, bylaw, order or regulation.
  2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
  3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
  4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

### **Notes relating to decisions on applications for display of advertisements**

#### **Standard Conditions**

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

#### **Other Notes**

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

### **Notes relating to decisions on applications for listed building consent**

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

### **Notes relating to decisions on applications for lawful development certificates**

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

### **Notes relating to a request for a Section 64 determination**

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of notice of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

### **Notes relating to decisions on planning applications.**

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
  - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

#### **Other Notes**

- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.
