APP/02625/A/93/229521

Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The Norfolk Structure Plan states that in villages not satisfying the criteria of Policy H5, housing development will normally be limited to individual dwellings or small groups of houses which enhance the form and character of the village and its setting. Although the site of this proposal is within the village, it is not considered that its development would enhance the form and character of the village. The proposal is consequently contrary to the provisions of the Structure Plan.
- 2 The Norfolk Structure Plan states that the quality of the built environment will be maintained and improved by safeguarding open spaces which make up the form and character of towns and villages. The application, if approved, would result in the loss of an open area which contributes significantly to the form and character of Crimplesham. The proposal is consequently contrary to the provisions of the Structure Plan.

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of notice of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice of appeal must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been granted for the carrying out of the development referred to in Part I above in accordance with the application and plans submitted subject to compliance with the following conditions :

- 1 The development hereby permitted shall be begun within five years from the date of this permission.

Cont

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactments or bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
 - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation Areas) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

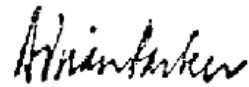

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice of appeal must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactments or byelaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
 - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section B(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council or the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of their reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the date of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

Part II - Particulars of decision

*APP/02635/A/94/223268
Dismissed 5.8.94*

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The proposal to erect a dwelling approached by a narrow access roadway at the rear of existing dwellings, constitutes a sub-standard layout of land which would result in a loss of privacy and be detrimental to the residential amenities at present enjoyed by the occupiers of the adjoining residential property.
- 2 The development proposed, if permitted, would result in more than four dwellings deriving access from a private road, and would thus be contrary to County Highway Policy.
- 3 The site is approached from the County road by means of a track which has substandard visibility for vehicles making egress, and is inadequate to serve as a means of access to the development proposed.

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 A principal aim in designating the estate site in the centre of the village was to enable the local village environment to be enhanced by the creation of a new public open space incorporating a village pond. This was recognised in the village guideline statement and accords with the general aim of the Norfolk Structure Plan which seeks to ensure that new development enhances the form and character of villages. In the opinion of the Borough Planning Authority the deletion of the pond from the open space area proposed will result in a diminution in its contribution to the village centre environment and is likely to result in a failure to achieve the enhancement necessary in this important area.

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been granted for the carrying out of the development referred to in Part I above in accordance with the application and plans submitted subject to compliance with the following conditions :

- 1 The development hereby permitted shall be begun within five years from the date of this permission.

- 3 Before the occupation of the dwelling hereby approved:

/Contd...

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
 2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
 3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
 4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ, in accordance with Section 20 of the Planning (Listed Buildings and Conservation Areas) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

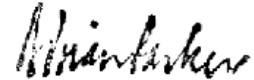

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice of appeal must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

The Reasons being:-

- 1 Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.
- 2 To enable the Borough Planning Authority to give due consideration to such matters.

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the date of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice of appeal must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
 - (a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.

The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the Council or the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.

- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House, Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

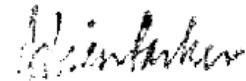

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning (Compensation) Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been granted for the carrying out of the development referred to in Part I above in accordance with the application and plans submitted subject to compliance with the following conditions:

- 1 This permission shall expire on 30 June 1998, and unless on or before that date application is made for an extension of the period of permission and such application is approved

/Contd...

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may be notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

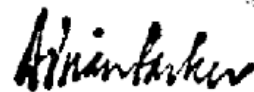

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of their reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of notice of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

Part II - Particulars of decision

The Council hereby give notice in pursuance of the Town and Country Planning Act 1990 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons :

- 1 The Norfolk Structure Plan states in Policy H.7 that permission may be given for individual or small groups of dwellings which will enhance the form and character of the village. Although the site of this proposal is mostly within the village it is not considered that its development would enhance the form and character of the village. The proposal is consequently contrary to the provisions of the Structure Plan.
- 2 The Norfolk Structure Plan states in Policy BE.1 (1) that the quality of the built environment will be maintained and improved by protecting and enhancing conservation areas. It is considered that the proposal by virtue of its design and location would be detrimental to the conservation area and setting of the village and is thus contrary to the provisions of the Structure Plan.
- 3 It is not considered that there exists any material considerations to indicate that the application should be determined other than in accordance with the Development Plan.

Borough Planning Officer
on behalf of the Council
06-JUL-1993

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, bylaw, order or regulation.
 2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
 3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
 4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
- (b) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(1) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. Cont

Notes relating to decisions on planning applications.

1. This permission refers only to that under the Town and Country Planning Acts and does not include any consent or approval under any other enactments, bylaw order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is available from the Department of the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a decision given by him.
3. If permission to develop land is refused or granted subject to conditions, whether by the local authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has or would be permitted, he may serve on the Council or the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
(a) The statutory requirements are those set out in section 79(6) of the Town and Country Planning Act 1990 namely section 70 and 72(i) of the Act.

Notes relating to decisions on applications for display of advertisements

Standard Conditions

1. All advertisements displayed, and any land used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the local planning authority.
2. Any hoarding or similar structure, or any sign, placard, board or device erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition to the reasonable satisfaction of the local planning authority.
3. Where any advertisement is required under the regulations to be removed, the removal thereof shall be carried out to the reasonable satisfaction of the local planning authority.

Other Notes

- (a) The regulations provide that every grant of express consent shall be for a fixed period which shall not be longer than five years from the date of grant of consent without the approval of the Secretary of State and if no period is specified the consent shall have effect as consent for five years.
- (b) It is a condition of this consent that before any advertisement is displayed on land in pursuance of the consent granted, the permission of the owner of that land or other person entitled to grant permission in relation thereto shall be obtained.
- (c) A person who displays an advertisement in contravention of the regulations will be liable on summary conviction to a fine and in the case of a continuing offence to a fine for each day during which the offence continues after conviction.
- (d) Where the local planning authority grant consent subject to conditions, or refuse consent, the applicant may by notice given in writing within one month of receipt of this notice or such longer period as the Secretary of State may allow, appeal to the Secretary of State for the Environment, (Tollgate House Houlton Street, Bristol BS2 9DJ), in accordance with regulation 15 of the Town and Country Planning (Control of Advertisements) Regulations 1989. The Secretary of State is not required to entertain such an appeal if it appears to him, having regard to the provisions of the regulations, that the consent for the display of advertisements in respect of which application was made could not have been granted by the local planning authority otherwise than subject to the conditions imposed by them.

Notes relating to decisions on applications for listed building consent

1. Attention is drawn to section 8(2)(b) of the Planning (Listed Buildings and Conservation Areas) Act 1990 the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB, and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not intend to record it. A form of notice is enclosed, if appropriate.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with Section 20 of the Planning (Listed Buildings and Conservation) Act 1990. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the local authority in regard to the proposed works are in progress.
3. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which would have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
4. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

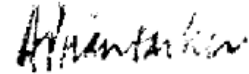

Notes relating to decisions on applications for lawful development certificates

1. This certificate is issued for the purposes of section 191 and 192 of the Town and Country Act 1990 as amended by Section 10 of the Planning and Compensation Act 1991.
2. If the applicant is aggrieved by this decision he may appeal within six months of the decision (or such longer period as he may allow) to the Secretary of State for the Environment on a form available from Tollgate House, Houlton Street, Bristol BS2 9DJ under section 195 of the Town and Country Act 1990.

Notes relating to a request for a Section 64 determination

1. If the applicant is aggrieved by the decision of the local planning authority or by the failure of the local planning authority to give notice of their decision or determination or of the reference of the application to the Secretary of State, he may appeal to the Secretary of State for the Environment within six months of notice of the decision or determination or of the expiry of the appropriate period allowed under Article 26 of the Town and Country Planning General Development Order 1988 for giving such notice as the case may be, or such longer period as the Secretary of State may at any time allow. The notice must be given in writing, addressed to the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol BS2 9DJ.

- 2 To provide for the specific temporary needs for flood defence pending a more permanent solution and to relate to the principal period of flood risk. The retention of these temporary defences during the summer tourist/non-flood risk period would be unacceptable to the Borough Planning Authority in this prominent location.
