Dear Sirs,

Use of workshop for the repair, renovation and respray  
of motor vehicles, Clare Cottage, Molls Drove, Fridaybridge

I refer to the planning application you have submitted in respect of the above. In view of the elapse of the 8-week statutory period, the absence of the payment of a fee prevents determination. The proposal will, therefore, remain undetermined and no further action upon the application will be taken.

I understand from my Enforcement Officer that the unauthorised activities on the site have now ceased and I should be grateful if they remained so until such time as you seek and receive planning permission for such activities.

Yours faithfully,
