

## **Brancaster Neighbourhood Development Plan Review**

### **Examination Arrangements**

#### ***Purpose of this Note***

This Note sets out the basis on which the examination of the review of the neighbourhood plan will be undertaken. Its ambitions are two-fold:

- to comply with the MHCLG/NPIERS Guidance for service users and examiners (April 2018); and
- to provide guidance for the Parish Council on the key stages of the examination.

#### ***The examination route map***

Different examinations raise their own issues. Nevertheless, the examination of the Brancaster Plan will have the following key stages:

##### ***Stage 1: Background Reading***

This involves reading the submitted Plan, its supporting documents and the various representations. I will take all this information into account when preparing my report.

##### ***Stage 2: Visit to the neighbourhood area***

The visit provides me with an opportunity to look at specific issues and locations in the neighbourhood area. Plainly not every component of the Plan needs to be viewed on the visit. Nevertheless, it will be focused on the issues that have arisen either from the background reading and/or which are fundamental to the Plan.

The visit will be unaccompanied. I will not meet with representatives of the Parish Council, the Borough Council or any of the parties who have commented on the Plan. To do so would have the potential to affect the independence of the examination process.

The timing of the visit will relate to the scale and nature of the representations that are received to the Plan as part of the recently-concluded consultation exercise. However, I will visit the neighbourhood area as quickly as practical after reading the representations. This is likely to be immediately after the current lockdown restrictions have been lifted or in the week beginning 7 December 2020.

##### ***Stage 3: Clarification Note***

Shortly after the visit I will prepare a clarification note. It offers an opportunity for me to raise questions with the Parish Council on the submitted Plan. The answers to the questions will help me to understand the Plan better and, where necessary, to recommend modifications to ensure it meets the basic conditions. The note will also invite any comments which the Parish Council may wish to make on the representations received.

The clarification note will suggest a timescale for responses based on the issues it addresses. The timescale is usually between two and three weeks. However, this is a matter which I am happy should proceed at whatever pace is determined locally. This approach acknowledges that work on neighbourhood plans is carried out by parish councils and individuals on a voluntary basis.

#### *Stage 4: Decision about the need for a hearing*

The combination of the background reading, the unaccompanied visit and the responses to the clarification note will allow me to come to a view about the need or otherwise for a hearing as part of the examination process. The legislation anticipates that the vast majority of examinations can proceed by way of written representations and without a hearing.

#### *Stage 5: The Examination Report*

My report will be prepared throughout the examination period. Its general parts can be written early in the process. The elements of the report that overlap with the clarification note will not be prepared until the responses to the note are received.

I will prepare a fact check report before the final report. This will give an opportunity for the Parish Council and the Borough Council to comment on any factual inaccuracies and/or omissions within the report. It will not present an opportunity for the examination to enter another phase.

#### ***Other related matters***

##### *The timing of the examination*

Plainly different plans cover different issues. Neighbourhood plan examinations are inevitably linear and are directly affected by the number of policies and the number and complexity of the representations received.

In the case of the Brancaster Plan I anticipate being able to prepare the fact check report before Christmas. Plainly this will depend on the timing of the responses to the clarification note.

##### *Documents*

I have asked the Borough Council of King's Lynn and West Norfolk to display all examination-related documents on its website.

##### *Contact arrangements*

My principal contact throughout the examination will be Katie Evans at the Borough Council. In most cases I will ask the Borough Council to send documents to the Parish Council on my behalf.

Andrew Ashcroft

Independent Examiner

Brancaster Neighbourhood Development Plan Review
