	Chief Executive											
OPEN/EXEMPT	Open	WILL BE SUBJECT	No									
	TO A FUTURE											
		CABINET REPORT:										

#### REPORT SUMMARY/COVER PAGE

# PURPOSE OF REPORT/SUMMARY:

The corporate performance monitoring report is in place to monitor progress against agreed performance indicators for the year 2022/23. The report contains information on the corporate performance monitoring undertaken for 2022/23.

#### **KEY ISSUES:**

A revised suite of indicators has been agreed by portfolio holders and management team as the key performance measures to monitor key council services and impacts on borough wide issues. These indicators are linked to the Corporate Business Plan priorities.

The monitoring report now features a summary to highlight specific performance issues where indicators have not met or are near to the agreed targets. Trend detail and officer comments are included to provide an overview of the indicators listed in the summary.

The 2022/23 monitoring report shows that 36 targets have been met, 7 indicators are near to target and 11 indicators require improvement.

#### **OPTIONS CONSIDERED:**

Not applicable as this is a monitoring report.

#### RECOMMENDATIONS:

The Panel is asked to review the 2022/23 performance monitoring report.

#### **REASONS FOR RECOMMENDATIONS:**

Members should use the information within the monitoring report to review progress on the agreed indicators and satisfy themselves that performance is at an acceptable level. Where progress is behind schedule members can seek additional information to explain variances.

## 1. Introduction

- 1.1 The council's performance management framework includes quarterly monitoring and reporting of performance. Each quarterly performance report is presented to the Corporate Performance Panel.
- 1.2 The council monitors a range of indicators from across directorates for corporate assurance to demonstrate efforts to continuously improve services.
- 1.3 The suite of indicators has been selected following consultation with senior officers and portfolio holders. Targets have been set and where data has not previously been recorded monthly, these indicators will be monitored for 2022/23.
- 1.4 2022/23 has seen unforeseen national challenges which could not have been predicted. Examples include the cost of living crisis and the ongoing conflict in Ukraine, along with increased interest rates and high rates of inflation. These issues have subsequently impacted on the council seeing increased costs of service delivery together with a need to introduce measures to support our residents, businesses and visitors during these difficult times. One area adversely impacted by the cost of living crisis is the council's housing service, who have seen increased numbers of people presenting as homeless. Coupled with a shortage of affordable homes for let, this has led to a large increase in the need to use Bed and Breakfast as emergency accommodation as well as longer stays in bed and breakfast before a suitable property becomes available.
- 1.5 External forces such as the cost of living crisis and high inflation have led to further demand on all the council's services which deal directly with the customer e.g. revenues and benefit, Lily, Care and Repair and the Council Information Centre. A Cost of Living Project group was formed to provide a cross-service approach to supporting those experiencing difficulties and to coordinate our communication on the help available to residents.

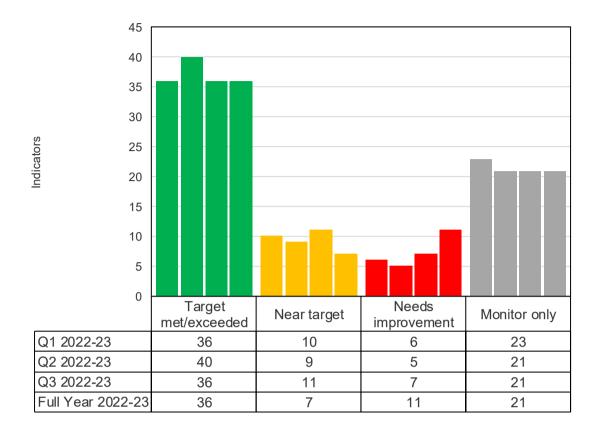

# 2. Monitoring report

- 2.1 The format of the 2022/23 report includes a summary of:
  - performance indicators needing to improve
  - performance indicators near to target
  - overview by priority
  - overall council performance
  - quarterly monitoring

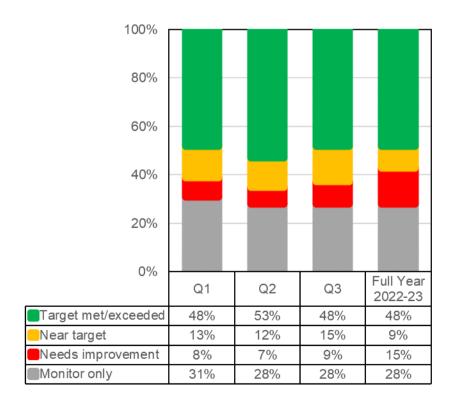

It is hoped this provides members with a useful 'snapshot' at the start of the report.

2.2 Processes are in place to produce the required information by relevant services, and the information is then collated and analysed centrally by the Performance team.

# 2.3 A breakdown of the 2022/23 performance indicators

# 2.4 Overall Council quarterly performance 2022/23

2.5 54 of the 75 indicators have agreed targets of which 67% achieved target during 2022/23. The performance levels are reflected in the corporate priorities within the Corporate Business Plan.

## 2.5.1 Focusing on delivery

- Percentage of incoming calls prevented by the use of web chat exceeded the target by 12% (KPI 1.2)
- Number of appointments to permanent job vacancies increased by 26% in 2022/23 (KPI 1.5)
- Engagement on social media has shown a vast increase over the past 12 months achieving an increase of 53% compared to the previous year. The number of unique website visitors also increased by 4% (KPI 1.10)
- Percentage of Internal Audit recommendations accepted by management exceeded the target by 9% and increased by 13% compared to 2021/22 (KPI 1.16)
- Number of cyber security incidents remained at zero throughout the year (KPI 1.20)

#### 2.5.2 Delivering growth in the economy and with local housing

- Despite experiencing resourcing issues within the planning department both major and non-major planning applications have been determined within government targets (KPI 2.6 & 2.7)
- Percentage of decisions on applications for major and non-major development that have been overturned at appeal stayed below the government target of 10% (KPI 2.8 & 2.9)
- Number of new homes delivered across the borough achieved the local housing need target and increased by 46% compared to 2021/22 (KPI 2.10)
- 35 new homes have been sold by the council during 2022/23 exceeding the agreed target of 31 (KPI 2.12)

## 2.5.3 Protecting and enhancing the environment including tackling climate change

- Total tonnage of commercial waste collected increased by 36% and food waste collected increased by 59%, both indicators exceeded the 2022/23 targets (KPI 3.5 & 3.7)
- Total tonnage of mixed recycling and garden waste, and the number of brown bins in use did not meet the agreed targets and all reported a reduction compared to 2021/22 (KPI 3.4, 3.6 & 3.8)

## 2.5.4 Improving social mobility and inclusion

- 281 people in temporary B&B accommodation, an increase of 77% (KPI 4.5)
- Total spend on bed and breakfast accommodation over the past 12 months totalled £283,757 an increase of 575% (KPI 4.6)
- 905 households with a homeless declaration, an increase of 6% (KPI 4.7)
- 100 households accepted as homeless with a need to be rehoused, an increase of 138% (KPI 4.9)
- Number of social housing lettings has decreased by 15% (KPI 4.14)

# 2.5.5 Creating and maintaining good quality places that make a positive difference to people's lives

- 100% of fly tipping cases were initially assessed within one day of being recorded (KPI 5.2)
- King's Lynn car parking income has increased by 18%, long stay tickets purchased up by 14% and short term tickets purchased up by 7% compared to 2021/22 (KPI 5.4, 5.6 & 5.7)

 Number of hits to 'Visit West Norfolk' is up by 32% compared to last year with car parking income for coastal resorts staying the same as 2021/22 (KPI 5.5 & 5.8)

## 2.5.6 Helping to improve the health and wellbeing of our communities

- Number of social isolation and loneliness referrals to Lily has increased by 19% compared to last year (KPI 6.1)
- Number of completed low level prevention grants exceeded the target by 51% with the number of completed disabled facility grants, adapt grants and emergency repair grant not achieving target KPI 6.2, 6.3, 6.4 & 6.5)

## 3. Issues for the panel to consider

Members should note that the indicators have been discussed and agreed by senior officers and portfolio holders. These indicators will form the basis of the corporate performance monitoring report for the 2022/23 year. Appendix A includes the latest performance data.

#### 4. Corporate priorities

Performance indicators are developed to monitor key activities which directly relate to the achievement of the council's Corporate Business Plan 2019 to 2023.

# 5. Financial implications

This report focusses on performance indicators. Any emerging financial implications are reported separately through budget and capital monitoring reports or individual reports where necessary.

# 6. Any other implications/risks

None.

## 7. Equal opportunity considerations

None.

#### 8. Environmental considerations

The Corporate Business Plan includes a priority of "Protecting and enhancing the environment including tackling climate change". The indicator suite incorporates measures that relate to the council's carbon footprint such as the council's energy usage and broader environmental issues via measures of waste collection, recycling and composting.

#### 9. Consultation

Management Team, senior officers and portfolio holders.

#### 10. Conclusion

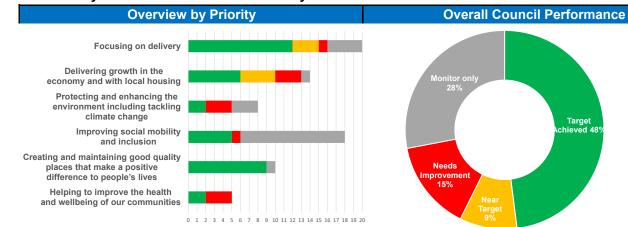

The panel is asked to review and note the indicators set out in Appendix A.

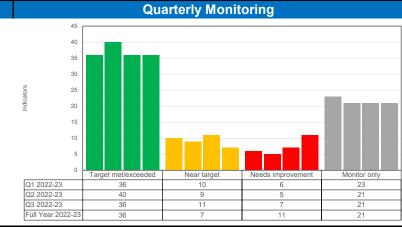

## 11. Background papers

• Corporate Business Plan 2019 to 2023

Needs in	nprovement	Q1	Q2	Q3	2022/23 Actual	Target	Comments	Trend
1.9	% of meeting minutes produced within 3 working days of meeting	91%	87%	88%	77%	90%	Staff sickness absence has impacted on the workload of the team and the ability to achieve the target.	Intelection.
2.11	No of new homes built (BCKLWN)	10	19	38	60	102		1 [1.1]
2.13	No of new home sold (BCKLWN)	10	10	13	18	44	Targets will be met by the end of June 2023, slippage to completion dates is due to delays in material deliveries and contractor insolvencies.	In all.
2.14	No of new Affordable Homes (West Norfolk Housing Company Ltd)	0	0	5	8	27		
3.4	No of brown bins in use for composting	28,291	28,560	28,180	28,380	28,500	The dry hot summer reduced the demand for brown bins and the discretionary spend may be affected by economic factors	
3.6	Total tonnage of garden waste collected and treated	3,414	6,265	8,659	10,078	11,000	A hot summer followed by a cold wet spring has affected the amount of garden waste collected.	Himilia
3.8	Total tonnage of mixed recycling collected and treated	3,649	7,220	10,693	14,253	15,500	A general reduction in the level of recycling collected from households across Norfolk	natata
4.4	No of days to process council tax support changes of circumstances	28	27	25	22	18	Performance was affected in Q1/Q2 due to resources from the Benefits team being redeployed to work on the government's Covid-19 Self Isolation Payment scheme and the Council Tax Energy Rebate scheme. From Augus onwards performance returned to normal levels within target however, the earlier drop in performance has had an impact on the overall level achieved for the year.	
6.2	No of disabled facility grants completed	4	16	27	44	50	The number of grants delivered in the year is dependent on the overall Better Care Fund allocation received. All	
6.3	No of adapt grants completed	47	103	157	217	300	BCF funding and additional council top up funding has been allocated in 2022/23. The increase in raw materials and pressure on resources within the IHAT service have also contributed to the targets being missed.	
6.4	No of emergency repair grants completed	1	1	3	5	10	Grants that would previously have been progressed through Emergency Repair Grants are now delivered through the low level prevention grants.	
Near Ta	rget	Q1	Q2	Q3	2022/23 Actual	Target	Comments	Trend
1.3	% of calls answered within 90 seconds	54%	61%	69%	74%	75%	With the reduction of calls for the Council Tax Energy Rebate scheme and CIC returning to normal staffing levels this has helped performance to improve.	
1.11	% of supplier invoices paid within 30 days	98%	98%	98%	98%	99%	To improve performance and achieve the target, focus will be to engage with staff not completing tasks within the set time period.	nadillin III
1.19	% of BID Levy collected	43.3%	83.2%	92.9%	96.1%	97.5%	The 2022/23 figure was affected by a number of write offs at year end relating to one ratepayer, we have changed the calculation for this year to take this into account.	
2.1	% of rent achievable on industrial units	95.00%	96.11%	95.80%	94.36%	95.00%	A small number of vacancies in Q4 has caused the performance to drop slightly below target. General trend withir this sector is reasonably strong however, within the property portfolio there will always be movement with tenants leaving and units being vacant whilst marketed.	11.111111.
2.2	% of rent arrears on industrial units	11.91%	13.38%	13.73%	12.18%	10.00%	Significant progress has been made in dealing with commercial tenants in arrears. The majority of debtors are now on payment plans with a few tenants requiring further work. Although the target was not reached the general trend is positive.	II milii
2.3	% of rent achievable on retail/general units	92.69%	92.69%	92.40%	94.81%	95.00%	This portfolio is relatively small, as such a small number of vacancies has a disproportionate impact upon this indicator.	
2.4	% of rent arrears on retail/general units	35.25%	39.82%	27.54%	26.03%	25.00%	Major progress has been made in dealing with the level of arrears. A small number of debtors represents the majority of the arrears in this portfolio and these will be addressed during 2023/24.	

Target Achieved 48%
