

Notes
 Bus services are graded based on the frequency of the service (in 3 for an hourly or more frequent service; 2 for less than hourly but more than 4x a day; 1 for less than 4x a day).

Requirements
 Key Rural Service Centres must have a primary school; a convenience store and access to public transport (**bolded**). A GP surgery is preferable, but not essential (**italicized**). Rural Villages must have access to public transport (**bolded**).
 Smaller Villages and Hamlets have no specific requirements but will have access to few or no services.
 Settlements are then awarded a point for each of the services they have, up to a total of 39. Key Rural Service Centres should score 10 or more; Rural Villages between 6 and 9 and Small Villages and Hamlets 5 or less.
