

HRA screening report erratum note (email, 7 November 2023)

Hello Ann

Many thanks for getting back to me about this. And, well spotted there at p5/ 3rd column/ para 2 – this should read: “*On this basis the plan is **unlikely** to require an assessment for future development under Article 6 or 7 of the Habitats Directive*”. This is a typo, which I suggest you flag in your formal follow-up questions/ queries, where I can then duly confirm that the sentence in the HRA screening report is an error.

Thanks for bringing this to my attention. Please let me know if you have any other concerns or queries.

Regards and best wishes

Michael Burton, Principal Planner

Hi Michael

Thanks for sending everything through- and for all your hard work on this - formal response to follow, but please may I just check with you that on the HRA, page 5, third column, para 2, it says "On this basis the plan is likely to require an assessment for future development under Article 6 or 7 of the Habitats Directive"; is this right??

Happy to chat if that's easier...

Best wishes Ann
