Good morning,

I have just spoken to Sandra with regards to the attached site at Terrington.

The application you have on file was for reserve matters, unfortunately, the application was turned down at this stage and we subsequently put the application into appeal. Decision document was approved and is attached.

We are currently working through the final pre- commencement conditions and will be making an active start on site 3rd ¼ 2024.

Please feel free to contact me if you wish to discuss further.
