

**Appendix 29 – AQ108 – Bridle Lane Downham Market (F1.3 phase 2),
20/03/2024**

Morning Michael,

Thank you for clarifying. F1.3 is in several ownerships as you are aware. The south western part of the allocation remains available and owners are in discussions relating to developing/preparing a planning application for the land. The separate ownerships does not provide a barrier to deliverability, all owners/parties are willing, though has added to time in preparing application. That said, the site is available and deliverable within the plan period. I trust this assists.

Regards,
